If the Market is not in compliance with State, County, and City Rules, then the Market could be fined or shut down depending on the severity of the infraction. Useful Information for Vendors

1. **Proof of Driver's License and Automobile Insurance:** Vendors must provide this information for all people driving a vehicle into and out of the Market. This will ensure the protection of the Market, Vendors and Customers from unlicensed drivers and uninsured vehicles.
2. **Second Vehicles:** We ask that second vehicles be parked on the street outside of the Market's parking area during Market hours.
3. **Late Arrival:** Vehicles **cannot** be in motion in the Market aisles between 7:30 a.m. and 12:15 p.m., unless otherwise arranged with MM. This is a liability issue for the Market, and is why we put barricades at the end of the aisles at 7:30 a.m. The BOD requires that all vehicles be parked by 7:15 a.m. Do not move the barricades or drive over the landscaped islands to enter the Market late. If you arrive later than 7:15 a.m., you must off-load from outside the Market aisles and then park your vehicle at the "to be determined" secondary parking area. Late arriving vehicles may be admitted to the market at the MM's discretion based on evaluation of the safety of our market guests. Late arrivals will be charged additional fees. **First late arrival will cost the vendor an**

additional \$20 for the day. The second late arrival will cost an additional \$30 for the day and a third late arrival will result in the vendor owing stall fees for the day, but being turned away from participation that day. Future participation in the remainder of the season will be evaluated with the possibility of vendor suspension or expulsion.

4. **Required Documents:** Please refer to the **Application Checklist** for a list of required documents. A few reminders:
 - **Certified Growers:** If you do not have your new Certified Producer Certificate (CPC) at the time of application, a copy of the original must be received by the MM prior to your first day at the Market. Nonedible items, such as cut flowers and nursery stock also require a State Board of Equalization (SBE) Sellers Permit.
 - **Non-Certifiable, Agricultural Producers** must submit copies of your County of Napa - Environmental of Health Division permits, or a letter from the County explaining that you meet their criteria for selling at a Certified Farmers Market. You must submit another copy when you renew the license or permits before their expiration dates.
 - **Non-Certifiable, Non-Agricultural Producers** must also submit copies of your County of Napa - Environmental Health Division permits. You must also submit another copy when you renew the license or permits before their expiration dates.

Vendors must not distribute any single-use plastic bags with handles. While produce bags are permitted, they must either be of thick enough plastic to be re-usable, labeled as compostable or have no handles.
6. Please refer to **SHFM's Rules and Regulations** for more detailed information. In general, the Market will consider the following when determining who will be admitted, and allowed to continue to sell, at the market:

 - Compliance with safety and insurance requirements.
 - Overall balance of products sold at the market.
 - Preference given to locally grown/produced products.
 - Seasonal availability of produce.
 - Seniority based on prior performance at SHFM; attendance, display, sales, and neighborliness.

Requirements to sell at the Market are subject to change pending Federal, State, County, City or SHFM determinations.

7. **Canopies and Umbrellas:** For the safety of the Market and to minimize liability to the Market and to you, canopies and umbrellas should always be secured so that they will not be dislodged for any reason and raised to a clearance of at least 6' 6" (78 inches). If you have concerns about shade, please note such on your application.
8. **Fragrances:** The fragrances of fruit, herbs and flowers are part of the beauty of the Market. We ask that anything that diminishes these aromas be avoided to include hairspray, perfume, artificial fragrances used in soaps, exhaust from cars left idling, exhaust from generators, etc.
9. **Load Lists:** The State of California requires that Load Lists be provided to the MM each Market. Certifiable Producers must list all items sold at the Market as they appear on the CPC as well as the quantities sold on the reverse side of the Load List. The Market will be fined if completed Load Lists are not received and kept for 18 months. If the Market is fined, the fine will be passed on to the vendor who has not completed the Load List. The Load List has a place to note if you will NOT be returning to the next Market, and you also must include the date when you will be returning. Also, please use the Load List to record WIC coupons or EBT Market Tokens to help us keep track of what is to be reimbursed to you when you pay your stall fees.
10. **Samples:** If offering taste samples, sellers must provide a trash receptacle, a hand washing station and abide by Napa County Environmental Health rules and regulations.
11. **Social Media:** In an effort to support our Vendors the Market will continue to be very active on both Facebook, Nextdoor and Instagram throughout the year. **We encourage all Vendors to 1) follow these social media platforms, either through business or personal accounts, in order to stay up to date and encourage the community following and 2) to submit photos of your products to the MM .**
